Superintendent-Director's Message

Congratulations to the Class of 1983.

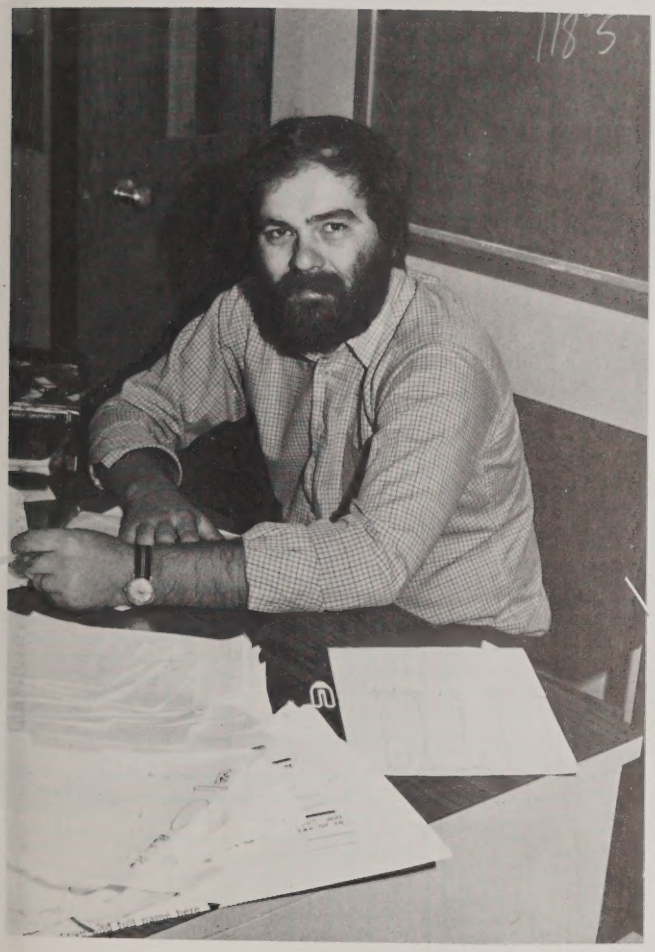
When you entered Bay Path as freshmen, you explored a number of areas before you selected your four years of concentrated study. The four years spent at Bay Path have been informative, productive and have enabled you to acquire the skill you will need for your entrance into the world of work. The skills and knowledge that you have acquired here at Bay Path again are only stepping stones to the business and employment world.

Use this knowledge and these skills to the highest degree and you cannot help but be successful. We, at Bay Path, are very proud of your accomplishments and as you travel in your vocation and require additional reinforcement or updating of skills, Bay Path stands ready to help you in its evening programs.

The School Committee, the Administration and Faculty extend to you, the Graduating Class of 1983, best wishes and good fortune.

George L. Fowler

The Bay Path dedication spotlight shines on Mr. Robert W. Johnson.



Mr. Robert W. Johnson, Teacher, Advisor, Friend.

DEDICATION

In the ten years that Robert W. Johnson has taught at Bay Path, he has proven himself an outstanding teacher. He shows respect to his fellow teachers and students, and by this, earns theirs in return.

Robert attended Worcester State College with a major in Mathematics, and he earned a Bachelor of Arts degree. When asked why he chose to major in Math and later teach it, he explained that it had always come easy to him.

When he graduated from college five teaching jobs opened up in the Math Department at Bay Path. He applied, and fortunately for us he obtained one of those positions.

While teaching here at Bay Path, he met the woman who is now his wife, the former Patricia Ciosek. They have one child, Kate Elizabeth, now two years old.

Mr. Johnson taught Driver's Education for a number of years, and he has been the advisor of the student council for the past 3 years.

"I have no regrets about the choices I have made," he said. "I've especially enjoyed this year and I like my classes."

When asked how he felt about the dedication he said, "I'm shocked!" He felt very pleased and surprised at the honor the Class Of 1983 bestowed on him.

Special Yearbook Committee Recognition

Every once in a while there appears a person who in his own quiet way works for the betterment of the students and the school. Since very few students have a close relationship with this individual, his works and endeavors usually go unnoticed by the student body. Therefore, this 1983 yearbook staff would like to give Benjamin F. Monfredo, Pupil Personnel Services Director, special recognition for his sincere effort on behalf of all our students. His emphasis is to help the students become more aware, more secure and ready to become part of the working community. To quote Mr. Monfredo, "Bay Path students will not only make it in Massachusetts, Bay Path students will make it in America."

Short, but Sweet.

resident Wendy Wood
ives the student address.

Dr. Vairo, Reverend Szamocki, Members of the School Committee, Administrators, Faculty, Parents, Relatives, Friends and most of all the Class of 1983:

We've finally reached one of our biggest goals. It took alot of hard work and determination, but it would have been alot harder if we tried doing it all by ourselves. You see, Bay Path has taught us to be successful by working with others. In sports we work TOGETHER to get that extra goal or that final out. During Winter Carnival we boosted each others spirits, enjoyed ourselves, and worked like a team. With that team effort it brought us the first place trophy and will let us be remembered as the class of 83 not as singled out individuals. Because even though we are many we worked as one by being a united team for 4 years. It's going to be a new challenge to be out on our own.

We will be making more decisions and choices in the next few years than in any other time in our life. Today is the culmination of our first choice. We chose to show the world that Bay Path is the ultimate way to enter the working world.

I speak highly of how Bay Path has helped us to relate to the outside world. We never would have been able to make it to where we are today if we did not have the cooperation and understanding of friends, fellow classmates, and achers. They have been there through the rough times and were with us to enjoy the good.

In the fall of '79 we began our journey, our life long walk. You see, it is said that "The longest journey begins with a single footstep". Well, because e (the class of 83) are now Bay Path graduates we have been walking for 4 years while others are only beginning to tie their shoes.

I wish the Class of 1983 the best of everything, because only the best lies ahead and remember, we'll all be back together 5 years from now. So that ould be more than enough time for each and every one of us to make our first million. Thank You.

DAYS WE'LL ALWAYS REMEMBER

Gary has the right idea, as we all did. We'll never forget our trip to Frank Davis Resort. It was a day we'll keep in our thoughts forever. Thoughts of Rico an Sheryl winning the dance contest. Angel winning the Limbo contest and people dumping their boats in the water. Kim getting thrown in the pool, and som getting sick (it must have been something we ate). Who will ever forget Jacquie's little walk in the woods? We won't forget those guys in Plumbing with thei Stogies. It truly was a great day, one that will prove to be of good memories. That's it, Gary sleep!

GOD SAVE THE COMMONWEALTH OF MASSACHUSETTS

Mr. Fowler and Mr. Monfredo watch as Gov. Michael Dukakis signs Bay Path's Proclamation.

This proclamation signed by Governor Dukakis signified the beginning of Vocational Education Appreciation week at Bay Path Regional Vocational Technical High School. More importantly it was a signal to the community that Bay Path is determined to provide excellence in vocational education; that our students have pride in their craftsmanship, and that we have a commitment to serve the people in our district with quality trained individuals. Vocational Education is not just for the few but for every serious minded determined youngster who wants to be a part of a working America, an America with future leadership. In the past 10 years, vocational education has become a model for education everywhere. Our graduates can go on to higher education if they choose, but more importantly we've trained them for a successful career, and a promising future. That's what Vocational Education is all about and that's what Bay Path is all about.

AN OPEN LETTER TO A SUPER GROUP OF BAY PATH STUDENTS

Dear Yearbook Staff:

Well, gang, we did it! We completed the 1983 yearbook. Let me tell you, I wasn't sure that we would. I had visions of Mr. K coming to school in August to complete a yearbook. The fear of non-completion ended out after you came to school during the April vacation and completed all the work up until that date. The rest was all down hill.

As yearbook committees go, I would say you people were second to none. You were give the responsibility that if you wanted something special for your book you had to complete all the tasks involved. You did complete most of the tasks, not necessarily on time, but you did get it done.

There is so much I would like to write, but as always space is a problem. The readers should know that this yearbook staff raised approximately $4,000, which reduced the cost of each yearbook to $10.50. Based on the financial endeavors, to the best of my knowledge, this is the greatest sum of money that any yearbook committee has raised.

To my seniors, Wendy, Chris, Jackie, Jeannie, Sue, Keith, Tina, Angel and Rhonda, thank you for all your dedication and hard work. To the underclassmen, Jackie, Sherri, LuAnn and Deneen, you're going to have to carry on in their steps to make the 1984 yearbook something to be proud of, and I'm sure you will.

Thank you all,

Mr. A. Karagosian
"83" Yearbook Advisor
